

DMMS ISO 12122-3:2016- Timber structures- Determination of characteristics values-Part 3: Glued laminated timber

Scope

This part of [ISO 12122](#) gives methods for the determination of characteristic values for a defined population of glued laminated timber products, calculated from test values. It presents methods for the determination of

- a) characteristic value of mean-based properties, and
- b) characteristic value of 5th percentile-based properties.

NOTE [Annex B](#) gives information on the methods that have been successfully used to estimate the characteristic values of glued laminated timber products from properties of the laminates.
