

**DMMS ISO 14064-1:2018- Greenhouse gases- Part 1: Specification with guidance at the organization level for quantification and reporting of greenhouse gas emissions and removals**

**Scope**

This document specifies principles and requirements at the organization level for the quantification and reporting of greenhouse gas (GHG) emissions and removals. It includes requirements for the design, development, management, reporting and verification of an organization's GHG inventory. The ISO 14064 series is GHG programme neutral. If a GHG programme is applicable, requirements of that GHG programme are additional to the requirements of the ISO 14064 series.
