

DMMS IEC 60811-501:2012+AMD1:2018 CSV Consolidated version

Electric and optical fibre cables - Test methods for non-metallic materials - Part 501:
Mechanical tests - Tests for determining the mechanical properties of insulating and
sheathing compounds

Scope

This Part 501 of IEC 60811 gives the procedure for determining the mechanical properties,
which typically applies to cross-linked and thermoplastic compounds used for insulating
and sheathing materials.
