

## DMMS IEC 62548-1:2023 Photovoltaic (PV) arrays - Part 1: Design requirements

### **Scope**

This document sets out design requirements for photovoltaic (PV) arrays including DC array wiring, electrical protection devices, switching and earthing provisions. The scope includes all parts of the PV array and final power conversion equipment (PCE), but not including energy storage devices, loads or AC or DC distribution network supplying loads.
